SECTION A: GENERAL

1. **PURPOSE.** This Air Force Job Qualification Standard (AFJQS) offers a framework of discrete tasks that prepare Airmen to serve in a joint environment. It focuses on “true joint organizations” that Airmen can be assigned to, such as Joint Task Forces, Combatant Command Headquarters, the Joint Staff, and other joint, interagency, intergovernmental, or multinational organizations. Due to the unique nature of the joint environment, there are inherent differences across assignments, resulting in unique command-specific requirements. This document does not focus on the granular details of each joint opportunity but takes a holistic joint perspective mapped across thirteen themes. This stand-alone product does not require an accompanying Master Training Plan (MTP) and/or Individual Training Plan (ITP). **Completion of this AFJQS is not a requirement for Airmen to receive or complete a joint assignment.**

2. **TASK QUALIFICATION.** This AFJQS is broken out into four tier groups: Common Core, Noncommissioned Officer (NCO), Senior Noncommissioned Officer (SNCO), and Senior Enlisted Leader (SEL). All personnel will be qualified to the GO/NO GO standard for all applicable tasks corresponding to their tier group listed in this AFJQS. GO means the individual can perform the task without assistance utilizing appropriate instructions or other procedural guidance. If required training listed in SECTION B of this AFJQS is provided through on-the-job training (OJT), distance learning (DL), or web-based courses, a supervisor/trainer from that respective functional area will complete the trainer's block to document training completion. Training should be completed within a twelve-month period.

Tier Groups	Designators	Notes
Common Core		All tasks without a * sequence are common core and apply to all personnel.
NCO	*	A + sign at the end of a * sequence means the task is required for that tier group and above.
SNCO	**	Example: *+ means the task is required for NCOs, SNCOs, and SELs. *** means the task is required for SNCOs and SELs
SEL	***	

3. **ADDITIONAL DUTY or TASK.** If personnel are assigned an additional duty or task not listed in this AFJQS, the supervisor will develop an AF IMT 797, Job Qualification Standard Continuation/Command JQS. The supervisor/trainer will then develop a plan for the member to receive training.

4. **TRAINING DOCUMENTATION AND TRAINER/CERTIFIER IDENTIFICATION.** Document training required by this AFJQS in accordance with DAFI 36-2670, *Total Force Development* and DAFMAN 36-2689, *Training Program*. All trainers and certifiers (if required) authorized to sign off tasks in SECTION B of this AFJQS will be identified in the identification block of this AFJQS and will meet the requirements outlined by Department of the Air Force and local policy. There are no tasks requiring third-party certification unless otherwise required by Air Force Specialty or local policy.

5. This AFJQS has been coordinated with HAF/A1DI and SELs across the Joint Force. Overall point of contact for this AFJQS is HAF/A1DI.

This block is for identification purposes only
